

**Docuseek** streams over 300 award-winning films for Politics and Political science. Films in the collection touch on American politics, comparative politics, geopolitics and international relations, political theory, political economy, methods, organizations and public policy, political behavior, public law, and the politics of every major region across the world throughout history. Docuseek films are essential resources for helping students to understand politics in the past and present and to cultivate critical thinking and awareness.
